Professor Amit Chakma

Vice-Chancellor

Welcome to our community

We're delighted you are considering embarking on the next stage of your education journey with us.

At UWA, our role is to give you the knowledge and skills so that you can achieve your goals - whatever they may be. Through our courses you'll learn from passionate leaders who will inspire you to achieve your best and equip you for global success in a world where knowledge is the universal currency.

We offer an immersive, industry-connected, practical learning environment. Our approach will ensure you enter the workforce with real-work experiences, ready to solve the world's greatest challenges.

I'm proud to say that UWA is an inclusive and multicultural community that embraces and values a diversity of backgrounds. We also have a reputation and vision for leading positive change, both here and internationally.

You'll find your time here thought-provoking and stimulating, and when you graduate from UWA you'll have made lifelong friends, precious memories, and have

The University of Western Australia acknowledges that its campuses are situated on Noongar land and that Noongar people remain the spiritual and cultural custodians of their land, and continue to practise their values, languages, beliefs and knowledge.

Perth - a city of opportunity

By studying at UWA you're not just choosing a world top 100 university and a globally recognised degree, you're also choosing to live in a city that's the perfect base for study – and for launching your career when you graduate.

Perth is a vibrant city full of cultural diversity and urban sophistication with a thriving social scene. Plenty of festivals, eateries, modern bars and weekend markets add flavour to the city and its suburbs.

uwa.edu.au/study/perth

Perth has a projected population of 3.5 million by 2050

(CITY OF PERTH 2024)

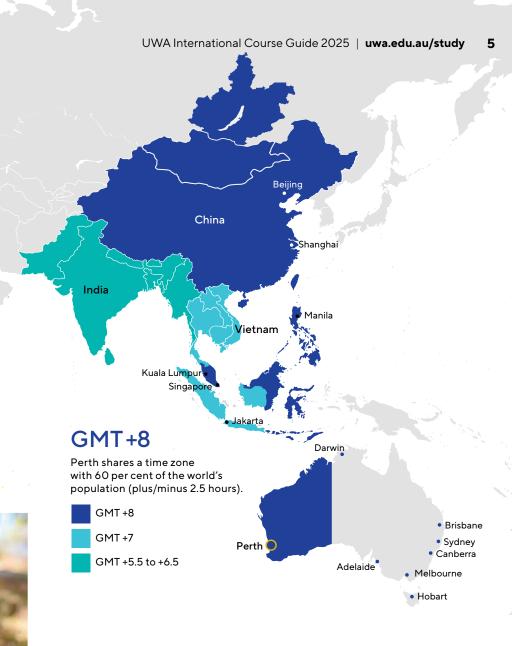

Perth is a multicultural hub with 55,000+ international students and 36% of our population born overseas (ABS)

30% of ASX listed company headquarters located in Perth

(WA STATE GOVERNMENT)

Warm mediterranean climate

Summer: December-February

Autumn: March-May Winter: June-August

Spring: September-November

Average weekly incomes in Perth are **9% above the national average**

(AUSTRALIAN BUREAU OF STATISTICS 2022)

Perth is the world's #12 most **liveable city** (ECONOMIST 2023)

A **strong economy** with sustained economic growth, 3.1% pa average over the past 10 years

(WA GOVERNMENT, ECONOMIC PROFILE 2023)

Perth is one of Australia's **most** affordable capital cities

(DELOITTE ACCESS ECONOMICS 2022)

Post-study work visa **+1 year longer** than Sydney, Melbourne, Brisbane (DEPARTMENT OF HOME AFFAIRS)

there is plenty for you to explore!

The vibrant city of Fremantle is 30 minutes by train from Perth city. Discover a mix of Australian maritime, convict and colonial history alongside buzzing markets, lively bars and casual street cafés giving you a taste of 21st century life with the locals.

Northbridge

Visit free museums, art galleries, or theatres in Perth's Cultural Precinct. Northbridge comes alive at night, with late night bars and clubs, or indulge in food from around the globe in the many restaurants and cafés.

Rottnest Island

mmmm le

Rottnest is just a short ferry ride from Perth and makes for a perfect day trip. With 63 stunning beaches and coral reefs to explore, jump on a bike and experience the island. Be sure to look out for the island's unique wildlife including the world famous quokka.

Cottesloe Beach

Just a 10 minute drive from UWA, Cottesloe Beach is famous for swimming, surfing, sunsets, and lively Sunday sessions. Stroll on the white sand or dine at one of the stylish eateries overlooking the beach. There is also a world-class sculpture exhibition held in summer each year.

The Pinnacles

Located three hours north of Perth is the lunar-like Pinnacles which form one of Australia's most unique and fascinating natural landscapes.

Karijini National Park

Two billion years in the making, Karijini National Park is one of Western Australia's most spectacular natural attractions offering amazing hiking trails through ancient gorges. With massive gorges, crystal clear rock pools and waterfalls, Karijini National Park is a must for anyone with a thirst for adventure.

World Heritage listed, Ningaloo Reef is one of the planet's last great ocean paradises. Swim with the world's biggest fish, the whale shark or join an eco-adventure tour to view a huge variety of marine wildlife including turtles, whales, orcas, dugong, manta rays, sharks and more!

Kings Park

Located across from UWA and next to the CBD, Kings Park is larger than Manhattan's Central Park, and offers spectacular views over the city and Swan River. Explore the park's Botanic Gardens, suspended bridge tree top walk, or watch a movie under the stars in the outdoor cinema.

Explore our vibrant campus

UWA's main campus is located on the picturesque banks of the Swan River (Derbarl Yerrigan), just minutes from Perth City.

Featuring expansive green spaces, cafés and shops, as well as a multitude of modern teaching and research facilities, our campus provides you with a world-class learning environment.

See the campus for yourself through our online virtual tour: **uwa.edu.au/360-campus-tour**

UWA Albany

Located five hours' drive from Perth, the Albany campus offers students a unique learning and research opportunities. Here you can experience all that regional WA has to offer while studying at university.

uwa.edu.au/albany

Get career-ready while you study

WA's #1 university for graduate employability (QS 2022) will help you successfully navigate your career journey.

Getting a job at the end of your degree will likely be your top priority. At UWA, we've made it our top priority too, offering a wide range of degrees and programs to help you stand out in the job market and increase your employability. All our degrees include the option to take internships or Work Integrated Learning units, and along with mentoring and volunteering opportunities, these can enhance your career success.

Career Mentor Link

Be matched with professionals and get insider industry knowledge from people with real career experience.

Careers and Employability Centre

Engage with employers in your field, enhance your workplace skills, find work and internships, and nail your résumé and interview.

Career and Employability **Award**

Practical real-world experiences, skills and knowledge to guide you on an enriching career journey.

UWA Innovation Academy

Work with real companies to tackle the biggest challenges facing business, governments and society today.

Practicums and field trips

Practical units with workplace and fieldwork placements across WA, Australia and even overseas.

Work Integrated Learning (WIL)

Gain industry knowledge, develop career-ready skills, and network with industry professionals as part of your course or as a co-curricular activity.

McCusker Centre for Citizenship

An award-winning internship program, making a difference in our communities locally, nationally and globally.

Bloom WA

A creative lab to turn your big business or community ideas into a startup, all credited towards your degree.

Volunteering

Make an impact and get involved, developing skills and experience that stand out on your résumé and final transcript.

To find out more about how we can prepare you for your dream career, from first job to long-term goals,

Perth is one of the most affordable capital cities in Australia. Paired with competitive fees and scholarships, studying at UWA is a wise choice for international students.

Cost of living

Working in Australia as an international student

Under the terms of a student visa, once you have commenced your course as an international student, you can work up to 48 hours per fortnight while your course is in session and unlimited hours during scheduled course breaks.

homeaffairs.gov.au

Living expenses

Perth is one of Australia's most affordable capital cities (Deloitte Access Economics 2022). The annual cost of living in Perth depends on your lifestyle and the type of accommodation you choose. Consider extra funds to cover various items such as airfares and textbooks. There may also be ancillary fees applicable to your course.

40% discount on public transport

As an international student in Perth, you receive a Western Australian Government-sponsored 40 per cent discount on all public transport. Hop on the free Purple CAT bus which will travel from Elizabeth Quay Bus Station to UWA.

Student Services and Amenities Fee (SSAF)

The Student Services and Amenities Fee (SSAF) is a compulsory fee charged each semester/trimester to all enrolled students. Funds from the SSAF go towards enhancing the student experience and improving the in-person and online services available to you.

uwa.edu.au/students/ssaf

Overseas Student Health Cover (OSHC)

The Australian Government's Department of Home Affairs requires all international students applying for a student visa to have Overseas Student Health Cover (OSHC) for the entire duration of their student visa.

UWA has a 'preferred provider' agreement with Medibank. On acceptance and payment of your first tuition amount and OSHC, UWA will arrange health cover with Medibank for the anticipated length of your student visa. However, OSHC is offered by a number of providers so you also have the option of choosing a different insurer. Be sure to check the level of coverage you'll receive under their policies, and understand what is and isn't covered.

uwa.edu.au/study/health-requirements

Scholarships and awards available

UWA Global Excellence Scholarship

For high-achieving international students, these scholarships offer an annual tuition fee discount. There's no need to apply, the scholarship is automatically awarded to those who are eligible based on ATAR/WAM requirements.

uwa.edu.au/study/global-excellence-scholarship

UWA Global Sporting Excellence Scholarship

These scholarships are awarded to high-performing athletes, coaches and officials from eligible countries on selected courses.

uwa.edu.au/study/global-sporting-excellence-scholarship

UWA International Student Award

UWA's International Student Award is a fee reduction of AUD \$5,000* per year for students from a range of select countries. The Award helps foster a diverse student community and enables more students from different nationalities to pursue their study and career goals with UWA.

uwa. edu. au/study/international-student-award

Undergraduate and postgraduate degree scholarships

UWA also offers a range of scholarships to prospective students studying particular courses and study areas. We want to help you to achieve your study and career goals in an area that interests you. Visit our website to learn more about all our undergraduate and postgraduate scholarship options.

uwa.edu.au/study/scholarships

*Information is current at time of printing and subject to change and final approval.

Postgraduate research scholarships

International Tuition Fee and Living Allowance Scholarships

Awarded by UWA to support Australia's research effort. Working under the direction of senior researchers, you could receive:

- International Tuition Fees for up to four (4) years
- Overseas Student Health Cover (OSHC)
- A living allowance valued at AUD\$35,000 per annum

Forrest Research Foundation PhD Scholarships

Awarded to outstanding international students, completing a PhD at a Western Australian university. The Forrest Scholarship package is valued at more than AUD \$50,000, including a stipend, accommodation at Forrest Hall, and a research and travel allowance.

uwa.edu.au/study/research/research-scholarships

For more details about our scholarships, visit **uwa.edu.au/study/international-fees-and-scholarships** and **uwa.edu.au/study/research-scholarships**

Your home away from home

There are many options for quality accommodation close to the UWA campus. Explore the range of choices on and off campus, all located within close proximity to classes, cafés, shops and the city.

uwa.edu.au/study/student-life/accommodation

UWA Residential Colleges

Make the most of your time at UWA and enjoy an amazing, fully inclusive lifestyle. Our five residential colleges are located directly opposite UWA, so you can sleep in and still make it to class on time!

As well as your own secure, fully furnished room, you'll get:

- meals (depending on college/room type), cleaning, utilities, internet and more included in your fees
- an action-packed calendar of events, activities and programs
- plenty of spaces in which to study, relax or be active
- an extensive range of personal and career development opportunities
- 24/7 support, whether you need help with study or just someone to talk to
- lifelong friends from all over the world

How to apply

- Research: Explore the UWA residential college accommodation websites to decide which suits you best.
- 2. Apply: Submit one application and rank the residential college accommodation options in order of your preference.
- 3. Offer: Wait to hear from your first preference college.

Applications open approximately 12 months in advance. We recommend applying as early as possible - you don't have to wait until you receive an offer from UWA.

Apply now: livingoncampus.uwa.edu.au
Contact us: residentialcolleges@uwa.edu.au
Fees: uwa.edu.au/study/live-on-campus/fees

ST CATHERINE'S COLLEGE

ST GEORGE'S COLLEGE

ST THOMAS MORE COLLEGE

TRINITY RESIDENTIAL COLLEGE

UNIVERSITY HALL

Example overview of 2024 residential college fees and charges¹

	Weekly fee (AUD)	Room type	Meals included
St Catherine's College	\$630	Premium Single Room	21 meals per week
St George's College	\$517	All Room Types	21 meals per week
St Thomas More College	\$515	Standard Room	16 meals per week
Trinity Residential College	\$490	Standard Room	21 meals per week
UniHall	\$420	Standard Room	16 meals per week

¹The fees overview should be read in conjunction with each college's fee schedule. Prices quoted are based on 2024 standard single-room rates; additional room types are available. Weekly fees vary depending on the room type, length of stay and additional inclusions.

Living off campus

Perth City Accommodation

UWA has partnered with purpose-built student accommodation and co-living properties including Yugo Perth City, the Switch, Campus Perth, and Beatty Lodge. These options provide a community living experience, fostering greater independence for students. All are conveniently located close to public transport for easy access to UWA.

uwa.edu.au/student-life/cbd-accommodation

UWA Hosted Accommodation

We've partnered with homestay agencies, to provide students with the opportunity to have a seamless transition by living with UWA alumni or neighbours while adjusting to university life and a new city. With UWA Hosted Accommodation, you'll get more than just a room for rent; you'll get a rewarding experience, lifelong connections, and a warm welcome to Perth.

UWA Rental Partners

UWA has partnered up with reputable real estate agencies to explore the private rental market with you.

Short Stay Accommodation

UWA provides both its own Short Stay accommodations and a curated range of recommended university-affiliated options, catering to those seeking temporary lodging solutions. Stays are available from as little as one night to a maximum of two months.

uwa.edu.au/study/student-life/short-stays

Wonil Hotel Perth - Handwritten Collection

Sitting on the banks of the Swan River, the intimate Wonil Hotel Perth offers a variety of spacious accommodation options.

@WonilHotelPerth

Living on campus

Crawley Village

Crawley Village caters to postgraduate students as a priority, including couples and families. It is a collective group of residential houses, units and studio apartments owned and operated by UWA.

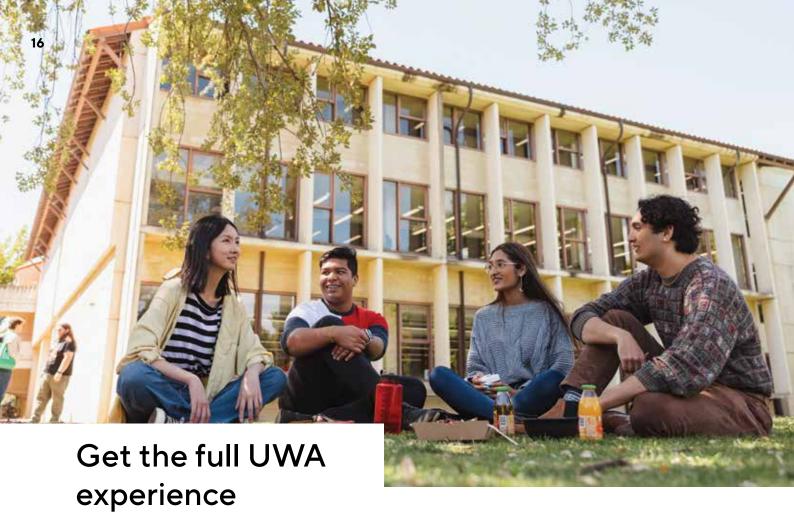

uwa.edu.au/student-life/crawley-village-housing

UWA Accommodation Concierge

Our Accommodation Concierge service takes the guesswork out of finding accommodation that fits your lifestyle and budget while you study.

uwa.edu.au/study/student-life/accommodation

Contact us: accommodation-concierge@uwa.edu.au

UWA is more than a university - it's a safe and supportive community where you can make connections and friendships that will last a lifetime.

Accommodation

Living at UWA means you can easily walk to uni, cafés and shops; you're also only a short bus ride to the city and Perth's best beaches.

Arts and culture

Our on-campus art gallery features rotating exhibitions. Explore museums and enjoy regular music concerts.

Events

Enjoy fun social events, opportunities for industry networking, workshops and more.

Extracurricular courses and programs

Through collaborations with industry partners, we offer a range of free leadership, entrepreneurial and other courses to expand your skill set and advance your career.

Spirituality and faith

UWA is a multi-faith university that supports and welcomes students with diverse cultural and spiritual backgrounds.

Sport and fitness

Get active with our modern gym, swimming pool, wide range of recreational and fitness courses, social sports and more.

Student clubs and societies

With more than 160 clubs and societies you'll meet friendly people with the same interests as you and a desire to make amazing things happen.

Food and drink

Enjoy a variety of cuisines (catering for all dietary requirements) from cafés and a range of food outlets on campus and in the neighbourhood.

UWA Advance badges and activities

Be recognised for participating in and completing approved co-curricular activities across a diverse range of categories with digital badge that you can use on your résumé or LinkedIn.

Libraries

UWA has several dedicated libraries across campus with high-tech study facilities, resources and learning spaces. There is also a range of virtual assistance options available.

Volunteering

There are opportunities to get involved on or off campus to support a cause, organisation, charity or group.

Specialise in one area or create a degree that combines your interests. Whatever you seek, you'll find a degree that fits.

UWA's immersive curriculum prepares you for the ever-changing world outside your degree. You'll gain industry connections even before you graduate, and kick-start a successful career.

Undergraduate degree types

Seeking your first university degree? Our undergraduate courses allow you to start your journey towards a fulfilling career.

Comprehensive bachelor's degrees

Design your own course with our comprehensive bachelor's degrees.

Choose one or two majors from a wide range, then add electives and/or a minor to suit your interests and career goals. Explore your interests with the flexibility to change your mind - choose your major(s) when you enrol and if you'd like to change during your degree you can.

Specialised bachelor's degrees

Prepare for your dream career with a specialised bachelor's degree.

You'll take an extended major with a carefully designed study plan to give you in-depth knowledge of your chosen career or profession. You can complement this with a minor or electives from almost any study area.

Combined bachelor's degrees

Pursue your passions and maximise your career options with our combined bachelor's degrees.

You'll complete two bachelor's degrees - one comprehensive (where you'll choose a major from a wide range of options) and one specialised (where you'll take a defined study plan).

Honours

Improve your career prospects or take a path to further study with an honours course.

Honours is a one-year program you can apply for after completing your bachelor's degree with strong academic performance in your major. An honours year includes advanced coursework and a major research or creative project.

We also offer some integrated honours courses. These four-year courses also include advanced coursework and a major research or creative project in your final year.

Find the course that's right for you

For more information visit

uwa.edu.au/study/our-courses-explained

What makes up a bachelor's degree?

Majors

You'll take at least one major – a sequence of units that will give you in-depth knowledge in your chosen degree. We offer a wide range of majors (which typically make up at least one-third of your course) and extended majors (up to two-thirds of your course) within our bachelor's degrees. Depending on the course, you may be able to take more than one major.

Minors

You also have the option to choose a minor (or two, depending on your course structure). Minors are shorter sequences of four units that allow you to gain knowledge in an area that may complement your major(s), suit your career goals or simply be of personal interest.

Other units

The rest of your study plan will be filled by different kinds of units (depending on your chosen course and major[s]).

- Foundation units: Required units (in certain courses)
 that give you broad grounding and key skills in your
 chosen degree area, irrespective of your choice
 of major(s).
- Bridging units: If you don't have the required ATAR subject or equivalent for your chosen major, you can usually take these additional units in your first year as part of the major.
- Elective units: Elective units provide you with the
 opportunity to explore a range of interests and new
 disciplines. If you have space for elective units you
 can choose (almost!) anything you like to expand your
 knowledge in a new field, provided that you meet the
 unit rules.

Postgraduate pathways

Our packaged undergraduate and postgraduate degrees provide the knowledge and networks for career success.

If you don't achieve the entry requirements (or equivalent) to secure your place on a postgraduate pathway, you can still apply for your chosen postgraduate degree after your bachelor's degree.

Assured pathways

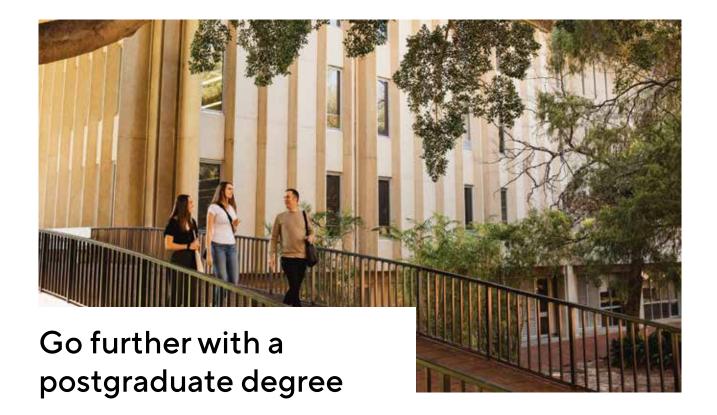

Secure a guaranteed place in one of our high-demand postgraduate courses before you start your bachelor's degree – and perhaps even complete your postgraduate degree sooner. Offers are based on your high school performance (or equivalent) and satisfactory results in your bachelor's degree.

Combined bachelor's and master's degrees

Complete two degrees in as little as four years. An express path to your postgraduate qualification, it begins with advanced postgraduate-level studies in the third year of your bachelor's degree.

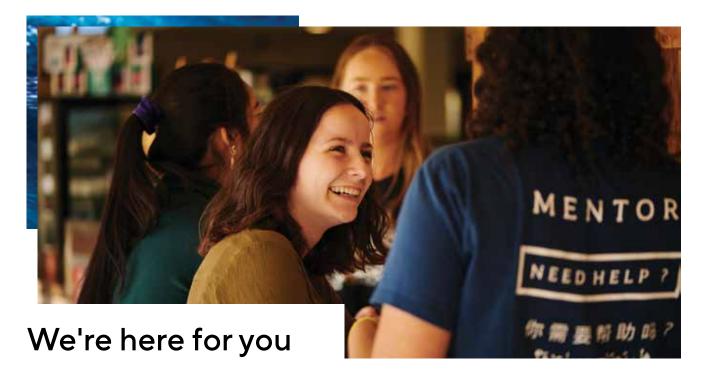

Example study plan - Comprehensive bachelor's degree with 1 major and 1 minor

1ST YEAR	SEM 1	Major	Minor	Elective	Elective
	SEM 2	Major	Minor	Elective	Elective
2ND YEAR	SEM 1	Major	Minor	Elective	Elective
	SEM 2	Major	Minor	Elective	Elective
3RD YEAR	SEM 1	Major	Major	Elective	Elective
	SEM 2	Major	Major	Elective	Elective

Whether you want to take your career to the next level, change direction or tackle globally relevant issues alongside world-class thought leaders, a postgraduate degree prepares you to go further.

TYPE OF COURSE	CHOOSE THIS TO	OUTCOMES AND BENEFITS
Micro-credentials	focus on skills that are in high demand by employers and industry.	 Update, upskill or reskill Complete a one-off micro-credential or stack them up Convert into credit towards an undergraduate or postgraduate course
Graduate certificates	study a short course to develop an existing skillset or get started in a new one.	 Develop your practical skills in as little as 6 months Offers progression from a graduate certificate to a graduate diploma
Graduate diploma	return to study when you don't have the time required for a master's degree.	 Hone in on a specific area of interest and become a specialist in that field Offers progression from a graduate diploma to a master's degree by coursework
Master's by Coursework	advance your career prospects and stand out in your profession.	 Gain specialist knowledge of an area of professional practice Improve your career prospects
Master's by Research and PhDs	explore your passion or follow your interest in an area of research.	 A unique opportunity to explore your passion or follow your interest Learn alongside globally renowned experts
Doctorate	contribute to the knowledge base of your chosen profession.	Be at the pinnacle of expertise – the highest achievement of your chosen profession

You'll have plenty of support and help when you get to UWA. Here are just a few of the services we offer.

Getting started

Take part in orientation activities, receive mentoring from an experienced student (UniMentor) and support from the UWA team to help you settle into university life.

Course advice

Advice on study plans, enrolment, scholarships, studying abroad, extracurricular activities and more.

Academic support

One-on-one support, study skills workshops (STUDYSmarter), extensive online resources and more.

International student support

Our dedicated support services will help you settle into Western Australia and UWA life.

UWA Student Guild

Run by students, for students, to make sure you have the best university experience possible.

Disability support

Perform at your academic best with support for any disability, whether a physical or mental health condition. UWA can help, no matter if your condition is ongoing, temporary or episodic.

Health and wellbeing

Confidential medical, welfare and mental-health support with a variety of specialist services and a pharmacy on campus. If you're looking for a doctor or GP, there's a Medical Centre on campus, as well as counsellors, mental health nurses, psychologists, physiotherapists and more.

Mental health

If you're feeling worried, stressed or upset, reach out for support by dropping into The Living Room for a chat. You don't need to make an appointment - there's always someone available to listen and help.

Safety

UWA's dedicated security team is on campus 24/7 and is available to walk you to your car, bus stop or UWA accommodation after hours.

Career support

Personalised career advice, industry mentoring, online resources, networking events, workshops and more.

Childcare services

Available for children aged six weeks to five years, plus after school and vacation care for primary school-aged children.

uwa.edu.au/students

Top five reasons to study architecture, landscape architecture or urban design at UWA

- You'll work on projects from housing and museums to space stations, as well as real sites through our industry and community engagement opportunities
- We produce award-winning students and graduates who get jobs - we have the best student rating in WA for Architecture (Student Experience Survey 2022)
- 3. Use state-of-the-art facilities and equipment such as plastic-extrusion 3D printers, laser cutters, printmaking studios and 24/7 computer labs
- 4. Learn from internationally renowned teachers and practitioners who currently are working in the field

Our courses help you forge a strong foundation for your future career, ensuring you graduate with the skills to design your own path and shape the world around you.

You'll participate in real projects, enabling you to develop and apply your skills using various technologies and techniques to make a difference.

Architecture and Design

Study architecture, landscape architecture or urban design to create the built environment for a vital and sustainable future. In this field, creative and strategic thinking come together.

Business and Commerce

Develop your business acumen, grow expert knowledge, work on real business case studies and undertake internships and practical projects to prepare you for a fulfilling career in industry, government or not-for-profit sectors.

A degree from the UWA Business School is your passport to the world. Globally, employers recognise the quality of a UWA degree in business.

uwa.edu.au/study/areas/

Top five reasons to study Business and Commerce at UWA

- Get career-ready with one of Australia's leading business schools, ranked #1 in WA and #4 in Australia for overall excellence in business and management courses (Australian Financial Review BOSS Best Business Schools 2023)
- 2. UWA Business School's EQUIS and AACSB accreditations reflect our commitment to continuous improvement of curriculum, research and impact, corporate social responsibility, a culture of inclusivity, and ethical behaviour for our students and academic partners worldwide
- 3. With over 30+ active industry supporters including AGL Energy, CBH Group, Chevron, Fortescue Metals, Reserve Bank of Australia, Wesfarmers Limited, and Woodside, you'll grow a large professional network to draw on when you graduate
- 4. Connect with your peers, discover your passion, and complement your academic scores with extracurriculars to enhance your career prospects upon graduation. Join one of our 15+ Business School student clubs including ECOMS, Women in Business, and Bloom
- 5. UWA Business School is a signatory of the UN PRME, meaning we strive to provide future business leaders with the skills needed to balance economic, environmental, and social goals

At the UWA Business School, you'll develop critical decision-making skills and build a career that can take you anywhere in the world.

By studying Business, you'll develop practical and relevant business skills to understand how modern organisations work, how global organisations operate, and how to develop your own business ideas.

In Commerce, you'll gain more specialist knowledge in a variety of business-related areas such as accounting, business analytics, economics, finance, marketing and more.

Business and Commerce

Develop your business acumen, grow expert knowledge, work on real business case studies and undertake internships and practical projects to prepare you for a fulfilling career in industry, government or not-for-profit sectors.

DATA AND COMPUTER SCIENCE

Top five reasons to study Data and Computer Science at UWA

- **1. Be recognised** a number of our courses are accredited by the Australian Computer Society
- **2. Industry-informed courses** so you'll gain the skills needed to succeed
- **3.** Gain transferable **skills demanded by employers**, along with technical skills in computing
- **4.** Learn from **globally renowned experts** who are engaged in world-leading research
- **5. High-demand graduates**, Australia will need an additional 650,000 tech workers by the end of the decade (Tech Council of Australia, 2022)

From mobile data and cloud computing, to artificial intelligence and advanced software development, studying in this field tackles technological challenges and devises innovative solutions to transform the way we live.

Industry 4.0, part of the world's fourth industrial revolution, is changing the way we work and interact with other people and the world around us. In almost every industry, you'll find a requirement for talented professionals in data and computer science.

Whether you explore cybersecurity, AI, computer science or data science, you'll be equipped with the relevant connections and practical skills to forge a career developing new technologies and advanced programming to overcome challenges facing society. With real industry experience through internships and work integrated learning, you'll kickstart opportunities in this rapidly expanding field.

Data and Computer Science

Through interpreting the data and computer science behind technological advances, you can help create and develop methods to improve everyday lives. Gain the knowledge and expertise needed for an exciting career in the world of information and technology.

Top five reasons to study education and teaching at UWA

- Top university in WA for Education, and top 10 in Australia (Times Higher Education World University Rankings by Subject 2024)
- Our new four year bachelor's degree in primary teaching is the only education honours degree in WA
- **3.** Benefit from our **strong industry connections** through scholarships, volunteering programs, professional development workshops and more
- **4.** Study within a **close-knit cohort** and form lifelong personal and professional networks
- **5.** Gain a **competitive edge** in your career with professional practice placements

Education is a vital field in which you'll facilitate learning, transform lives and inspire futures. Develop your skills in best-practice teaching and choose to educate people at all stages of life. As a teacher, you'll inspire minds and empower the next generation of thinkers and doers. A career in teaching is a fulfilling one in which you can change lives and create a lasting positive impact on society.

We offer teaching courses informed by comprehensive and contemporary understandings of childhood development and learning. There will be opportunities for you to practise your teaching skills in authentic settings throughout the course and in professional practice placements.

Education

Ignite your passion to teach and inspire a love of learning in others. Qualify for a highly rewarding career as an educator or explore the options for experienced teachers, policymakers, consultants and leaders who seek to deepen their knowledge, contribute to the profession and advance their career.

Engineering

Engineers can create profound positive change and improvement in society, from providing clean drinking water and sustainable infrastructure to designing large coastal protection systems or tiny electronic devices that can be used to track bush fires or improve health outcomes.

Top five reasons to study Engineering at UWA

- Experience our state-of-the-art EZONE a
 world-class learning space for our engineering
 students, with flexible workspaces and labs for
 collaborative learning and industry interaction
- 2. Hands-on learning from your first year you'll be actively developing ideas and designing innovative solutions for major real-world engineering challenges
- 3. Benefit from being taught by leading academics, operating at the forefront of their profession, in collaboration with some of our key research facilities including our CO² Lab, Automation and Robotics Lab, Pawsey Supercomputing Centre, The Centre for Offshore Foundation Systems (COFS), UWA Oceans Institute and more
- 4. We are ranked 13th in the world and 3rd in Australia for Mining and Mineral Engineering, 17th in the world and 1st in Australia for Marine and Ocean Engineering and 38th in the world and 2nd in Australia for Environmental Science and Engineering (ARWU 2023)

Studying engineering at UWA will empower you to tackle global challenges and make an impact through engineering innovation.

Engineering touches on all aspects of daily life, and there's an area for you whatever your passion, from automaton and robotics, biomedical, chemical, and mechanical engineering, to environmental, civil, and mining engineering, or electrical, electronic, and software engineering.

Many sectors in engineering offer highly paid careers. As new technology emerges, demand for engineering professionals increases.

At UWA, you'll gain the skills employers are seeking. You'll be equipped with the technical skills and knowledge to adapt to and evolve with industry developments and societal expectations.

Engineering

Engineering helps shape our world in so many ways, from providing clean drinking water and sustainable infrastructure to designing large coastal protection systems or tiny electronic devices to improve health outcomes. Engineering allows you to explore how things work and brings to life new creations and designs, enabling a better society for all.

ENGINEERING

This course is a specialist master's for students who have already completed an engineering degree. Completing this course does not qualify you to practice as an engineer in Australia. You must have completed a degree accredited under the Washington Accord or undergo a migrant skills assessment by Engineers Australia in order to practice as an engineer in Australia.

Developed with our partners in technology, resources, energy, infrastructure, marine and offshore industries, the Bachelor of Engineering (Honours) will produce exceptional, career-ready engineers in four years.

Our industry partners have identified key skills and qualities they need in new engineers to perform in their rapidly evolving sectors, including advanced technical knowledge, hands-on skills, and communication, teamwork and problem solving, to work alongside Al and automated systems.

At UWA, you're joining a community of connected, experienced, passionate and engaging engineers and engineers-in-training, together leading the future of sustainable, efficient, innovative engineering.

In addition to internships and industry projects, you'll take part in three one-week skills programs. Each will equip you with the skills you need to succeed in your studies and career.

In your first year

A week of interactive activities to teach technical and enterprise skills, including teamwork, technical writing, report writing, using technical references, using the library and accessing study support.

In your second year

A week of hands-on workshops where you'll learn to use the specialisation-specific tools, instruments and devices you'll need on the job, such as welding, 3D printing and soldering.

In your third year

A week-long workplace simulation or project to help you secure and prepare for your practical industry placement. You'll gain problem-solving, creativity, communication, leadership and other enterprise skills. You'll also work on interview preparation and how to succeed in a modern workplace setting. On top of these three weeks there's 450 hours of practical Work Integrated Learning (internship) to complete, making our grads industry-ready. On completion you'll gain the must-have skills identified by our industry partners, who helped us design the course to train the engineers of tomorrow.

Health and Biomedical Sciences

Are you passionate about advancing the health and wellbeing of communities?

Studying Health and Biomedical Sciences at UWA will develop your analytical, technical and problem-solving skills, and provide you with the knowledge and practical experience for careers as diverse as clinical practice, medical research or public health.

uwa.edu.au/study/areas/ health-biomedical-sciences

Top five reasons to study Health and Biomedical Sciences at UWA

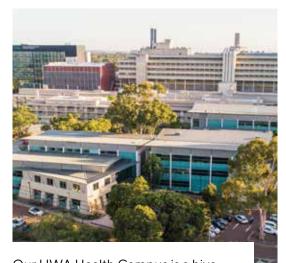

- You'll gain real-world experience through lab-based learning, industry placements and research projects
- 2. Classes at UWA Health Campus on the Queen Elizabeth II Medical Centre site, the largest medical centre in the Southern Hemisphere
- **3.** You'll have the opportunity to learn from, and network with, some of the brightest minds in the state
- We are ranked 3rd in Australia and 35th in the world for Clinical Medicine (ARWU 2023)
- We are ranked 2nd in Australia and 45th in the world for Human Biological Sciences (ARWU 2023)

The global demand for graduates with health and medical expertise is growing.

You may choose to become a health practitioner, working directly with patients in hospitals or community, or a career in research, training, policy, planning or management.

You can also join the in-demand health industry through a postgraduate qualification in public health, infectious diseases, nutrition, exercise and health, clinical exercise physiology or sport science.

We are tightly integrated with the WA's health system, public and private health providers, consumer advocacy groups and community health organisations. This close interaction ensures you'll be equipped with the skills and knowledge to become a health leader of the future.

Our UWA Health Campus is a hive of cutting-edge, world-class medical research, biotechnology, pathology, and healthcare training facilities to enrich your study.

Our pioneering research continues to have an impact on the health of people worldwide, be it in preventing preterm birth, discovering the genetic basis of inherited and acquired disorders, or regenerative medicine.

Our researchers all share the desire to make a difference by translating their discoveries into clinical practice. Interdisciplinary collaboration is at the heart of our research success.

Health and Biomedical Sciences

If you're passionate about advancing the health and wellbeing of communities, join a university that plays an important role in delivering knowledge and discoveries to guarantee our healthy futures.

Top five reasons to study Humanities and Social Sciences at UWA

- Be part of our vibrant student community by joining one of our many Humanities and Social Sciences student clubs including the Arts Union of UWA, Archaeological Society of UWA, UWA French Club, UWA Undergraduate Philosophy Society and more
- **2.** Get practical training through internships, hands-on learning with industry and business partners, and overseas study opportunities
- 3. 81.4% for teaching quality and 80.8% for learning resources satisfaction rate for undergraduate Humanities and Social Sciences (Good Universities Guide 2022)
- **4.** #1 in WA for Arts and Humanities, Psychology, and Social Sciences and Management (QS WUR by Subject 2023)
- 5. WA's largest language hub with four European languages, four Asian languages and two Classical languages taught

Within the humanities, through the study of culture, language, literature, history and philosophy, you'll examine the human experience and gain a deep understanding of the connections that tie us all together.

With our collaborations across industry, government and community, you'll apply knowledge and expertise to respond to major societal opportunities, challenges and injustices, such as achieving sustainable development, addressing climate change, eliminating poverty, strengthening global communications and improving the mental health of communities.

In the social sciences, which bridges the social and environmental sciences, you'll use a scientific approach to define and understand the development and operations of contemporary and past societies and their influence on the world.

The same of the sa

Humanities and Social Sciences

By studying Humanities and Social Sciences, you'll gain a critical understanding of how society shapes, and is shaped by, culture, politics, geography, economics, media, history, language, the environment and more. You'll develop the knowledge and skills to define complex problems, and identify and design solutions, while being supported in your passion to drive and implement change

Top five reasons to study Law or Criminology at UWA

- With over 90 years of experience leading Law education in WA, UWA ranks in the world's top 150 universities for Law and Legal Studies (QS 2023)
- 2. Learn from leading experts. Our criminology experts excel in areas of youth justice, policing, prevention, corrections, Indigenous peoples and the criminal justice system, and transnational crime
- 3. Be part of an award-winning student society. The Blackstone Society runs a wide range of events across social, careers, education, equity, wellness, competitions, and pre-law portfolios, and advocates for law students at the university, state, and national levels
- 4. UWA Law School's staff and dedicated Wellness Adviser will ensure you feel welcome, supported, and connected when discovering your place in law at UWA
- 5. Continuing postgraduate pathways.

 Upon completing your undergraduate degree, you can explore a variety of postgrad options, including our Juris Doctor. You'll have the opportunity to participate in structured internships with local, regional, or global not-for-profit, community, or government organisations

Law impacts on every aspect of society and criminology plays a pivotal role in understanding crime and its impact on individuals and communities. Studying in one of these areas will provide you with the opportunity to deliver real change in Australia and around the world.

Our Law School provides a high-quality, worldclass education in law and criminology equipping you with the knowledge and skills necessary for a successful career. Our pathways, programs and teaching excellence ensure we educate remarkable graduates and global citizens.

Graduates from our undergraduate courses can go on to work in law reform and justice agencies, the civil and criminal justice systems, government, education and academia, and law-relevant fields like management and human resources, media and communications, industrial relations, human rights, social services and legal support.

We have a long and proud history of international excellence. We're also a closely-knit, creative and progressive Law School, fostering critical thought, ethical scholarship and practice, a deep connection to our Indigenous past and present, and supportive student culture based upon wellbeing and inclusion.

Law

UWA Law School provides the highest quality, world-class legal education, equipping the next generation of lawyers with the knowledge and skills necessary to become the lawyers they want to be and that the world needs.

Top five reasons to study Music and Fine Arts at UWA

- Strong practical and creative course components
- **2.** Renowned artists and musicians with extensive industry experience
- **3. Exhibit** at the Cullity Gallery or **perform** on stage
- 4. Our global research collaborations and strong connections with industry leaders will provide you with a critical edge. Our established network of connections spans the creative sectors, including Perth Festival, Perth Institute of Contemporary Art, the West Australian Symphony Orchestra, WA Opera and more
- **5.** Outstanding facilities: Callaway Auditorium, Eileen Joyce Studio and Cullity Gallery

Our corporate supporters influence our courses and teaching practices to stay at the forefront of industry trends and developments. They also provide guest lectures, case studies, mentoring and placement opportunities to support you as you achieve at the highest level.

At the UWA Conservatorium of Music, you can work alongside award-winning, practising artists to gain an advanced qualification in performance, composition, musicology, music teaching, setting yourself up for success in the music industry.

UWA truly has a great team of contemporary artists, writers and historians who are passionate and driven to tirelessly support and mentor the next generation of artists. They are always eager to pass on their knowledge and experience within the arts industry, and often go above and beyond for their students' projects

SAMUEL

BACHELOR OF ARTS (HONOURS) - FINE ARTS

Music and Fine Arts

Release your full creative potential and set yourself up for a future fuelled by imagination and innovation. Whether you see yourself as a performer, curator, director or other artistic professional, immerse yourself in your area of expertise and become part of the creative economy.

Creative Music Technology Stream: A practical requirement equivalent to AMEB Grade 4, demonstrated by an audition, and a background in music theory; a portfolio is also required.

Top five reasons to study Natural and Physical Sciences at UWA

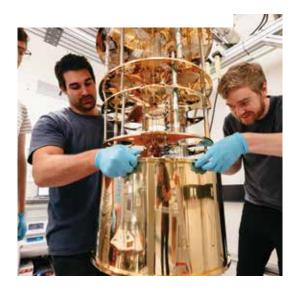

- We have 100+ units offering practical work experience where you'll gain hands-on industry-relevant experience and skills
- 2. Get career-ready with our strong industry, business and government networks including Alcoa, BHP, CSIRO, Department of Biodiversity, Conservation and Attractions (Kings Park and Perth Zoo), Fortescue, Rio Tinto, WA Museum, Woodside, and more
- 3. Be recognised a number of our courses are accredited by the likes of the Australian Institute of Physics, the Australasian College of Physical Scientists and Engineers in Medicine, and the Royal Australian Chemical Institute
- 4. UWA is in the World Top 50 for Agriculture and Forestry, Earth and Marine Sciences, Geology and Geophysics (QS 2023), and Agricultural Sciences, Biological Sciences, Environmental Science and Engineering and Oceanography (ARWU 2023)
- 5. You'll gain access to leading learning facilities including the Bayliss Building, Biomolecular Interactions Facility, The International Centre for Radio Astronomy Research, The Square Kilometre Array radio-telescope, and supercomputing facilities through The Pawsey Centre and iVEC@UWA

Our State's biodiverse and varied landscape is the perfect location to gain the knowledge and experience required to maintain balance in our natural environment. Whether you're interested in protecting the environment, improving healthcare, developing new technology and materials, or deciphering the universe, your studies in natural and physical sciences will set you up for a rewarding career in science and technology.

Led by our award-winning researchers, inspirational leaders and expert academics, you'll be immersed in the hands-on side of natural and physical science with opportunities to use and control high-precision instruments in our laboratories, on field trips and in real-world work placements with hospitals, industry and government research organisations.

Your studies will involve the crucial technical skills in data analysis, visualisation, interpretation and technological skills – all of which are essential in growth industries such as science, technology, engineering and finance.

Some of your classes will be held at EZONE, providing you with an unparalleled experience, building an innovative and collaborative culture based on a STEM capability like no other in the country.

Natural and Physical Sciences

Delve into a wide range of disciplines including agriculture and environment, biology and chemistry, earth and oceans, physics and mathematics. From agribusiness to zoology, discover the importance of science through a deeper understanding of the world we live in, and by developing innovative solutions that tackle global challenges to advance humanity.

NATURAL AND PHYSICAL SCIENCES

Let your curiosity lead the way to a fulfilling and meaningful career in science and technology.

Psychology

Explore the human experience across many aspects of daily life and seek to answer questions about how and why we behave the way we do.

Completing a degree in Psychology will develop your scientific understanding of human thoughts and behaviours, the processes underlying these, and the relationship of these processes to the brain.

uwa.edu.au/study/areas/ psychology

Top five reasons to study Psychology at UWA

- **1.** Ranked 1st in WA for Psychology (ARWU 2023)
- 2. Research consistently rated as 'well above world standard'
- **3.** Learn with research leaders who are doing the research that informs our understanding and practice of psychology
- 4. Options to take psychology as part of a comprehensive degree and pair with another major, focus more on psychology in the Bachelor of Psychology or choose a combined bachelor's degree
- **5.** Continuing postgraduate pathways at UWA in both **professional**, **accredited programs** (e.g. clinical, industrial and organisational psychology) and **non-accredited options to upskill** (e.g. business psychology)

Psychology is all about understanding our thoughts, feelings, and behaviour, how they relate to the brain, and how we relate to others, psychology lets us understand why we do what we do.

Psychology also helps us understand how we can work better and design work around people; why individuals and groups end up in conflict, and how that conflict can potentially be avoided; and how we can support mental wellbeing.

You'll learn about theory and practice in areas such as clinical psychology, social psychology, neuropsychology, cognitive neuroscience, developmental psychology, cognition, perception, psychopathology, and industrial and organisational psychology.

The universal nature of psychology means it complements any kind of study.

Psychology

Psychology is a fascinating and diverse area of study that explores the human experience and touches upon many aspects of daily life. It seeks to answer questions about how and why we behave the way we do. A degree in psychology will help you develop a scientific understanding of human thoughts and behaviours, the processes underlying these and the relationship of these processes to the brain.

R Research

T+C Thesis and coursework

Open up a world of learning opportunities with a UWA Higher Degree by Research (HDR) degree.

The University of Western Australia attracts world-class researchers, who are ready to supervise you through your HDR program.

Our research training and high-quality supervision will support you to tackle international or local issues, turning your research into economic, social and environmental benefits. You'll also develop a broad spectrum of transferable skills and will be offered a range of professional development opportunities, such as internships and various engagement, with research end-users.

UWA offers a range of research scholarships for international students, encouraging you to pursue excellence in your studies. With opportunities to work closely with industry partners, your research will be sure to have a lasting impact in society.

We offer a range of research degrees in addition to the Doctor of Philosophy, and Master of Philosophy. Explore the study areas for more information.

uwa.edu.au/study/research

Research degrees

A postgraduate research degree provides a unique opportunity to pursue your scholarly interests and extend your understanding of a subject area.

Supported by an expert supervisory team, you'll develop advanced analytical, project management and communication skills, as well as the ability to work independently on complex problems.

Doctor of Philosophy (PhD)

UWA COURSE CODE: 00810

CRICOS CODE: 003310F, 003311E, 003312D, 003314B, 003316M, 003317K, 003318J, 003319G, 003320D, 003321C, 013797F, 024816F, 024818D, 037146K, 037147J, 037148G, 037149G, 037157G, 037158F, 037159E, 037160A, 055301K, 058936F

INTAKE: Throughout the year

DURATION: 4 years full time

The PhD is a program of independent, supervised research assessed by examination of the thesis. This includes an oral examination (viva voce) and, for some doctorates, may include a creative component. The work presented for a PhD must be a substantial and original contribution to scholarship, demonstrating mastery of the subject and advancing the field of knowledge.

uwa.edu.au/study/d/philosophy

Master of Philosophy (MPhil)

UWA COURSE CODE: 00710

CRICOS CODE: 078203M, 078204K, 078205J, 078206G, 078207G, 078208F, 078209E, 078210A, 078211M, 078212K, 078213J, 078214G, 078215G, 078216F, 078217E, 078218D, 078219C, 078220K, 078221J, 078222G, 078224F, 078267F, 078472A

INTAKE: Throughout the year

DURATION: 2 years full time

The MPhil is a program of independent, supervised research in which you are required to show an advanced and integrated understanding of a complex body of knowledge in one or more fields of study. Assessment is by external examination of the thesis.

PhD/MPhil admission requirements

Approval for admission to a PhD/MPhil requires an applicant to demonstrate that they have sufficient background and experience in independent supervised research to successfully complete the course, and for the University to ensure that appropriate supervision and resourcing are available. Applicants are required to demonstrate:

- Academic merit by holding a bachelor's honours degree, master's degree, postgraduate degree or equivalent qualification; AND
- Adequate research preparedness by completing a research thesis or comparable research output;
 AND
- English language competency by providing evidence of meeting UWA's requirements. OR
- have previously undertaken work, of a sufficiently high standard, towards a Higher Degree by Research in this or another approved institution but not have submitted it for any degree; AND
- have completed an appropriate PhD/MPhil research proposal. A student who wishes to undertake a PhD/ MPhil in the field of creative writing must, in addition, submit a substantial folio of published creative work, normally in the form of one or more books.

English language requirements

All postgraduate research students must meet the minimum English proficiency requirements as set down by the Board of the Graduate Research School.

All English test results must normally have been obtained within the past two years.

Higher scores are required for admission into some courses. For a complete listing of the English scores required for admission to research degrees, visit www.edu.au/study/research/elc

English language requirements

QUALIFICATION EQUIVALENTS	UWA REQUIREMENTS
ALL INDIA EXAMINATION (CBSE) OR INDIAN SCHOOL CERTIFICATE (CISCE)	English language components with a minimum grade B2 (CBSE) or 60 per cent (CISCE)
AUSTRALIAN YEAR 12	A pass in acceptable English/English Literature subject
FOUNDATION PROGRAMS – GO8 UNIVERSITIES	An appropriate pass in the English paper of a Go8 foundation program
GCE A LEVEL	Minimum grade E in English Language, English Literature or English Language and Literature
GCE AS LEVEL	Minimum grade C in General Paper or English Language
GCE A LEVEL (SINGAPORE-CAMBRIDGE)	Minimum grade E in Knowledge and Inquiry, Literature in English, or English Language and Linguistics Minimum grade C in General Paper
GCE O LEVEL (GCSE AND IGCSE)	Minimum grade of C6 or 4 in English, English Language, English (First Language) or English Literature Minimum grade of A or 7 in IGCSE English as a Second Language, with grade one (1) in Oral/Aural Communication
GCE O-LEVEL (SINGAPORE- CAMBRIDGE)	Minimum grade C6 in English
GERMAN ABITUR	Minimum grade 3, in conjunction with a minimum grade B in DAAD (German Academic Exchange Service) Certificate of Language Proficiency test
HONG KONG DIPLOMA OF SECONDARY EDUCATION (HKDSE)	Core English Language, minimum level 4 Literature in English elective, minimum level 3
IELTS (ACADEMIC)	Overall minimum score of 6.5, no band lower than 6.0
INTERNATIONAL BACCALAUREATE DIPLOMA (IB)	English A: Literature or Language and Literature at SL, minimum grade 4 English A: Literature or Language and Literature at HL, minimum grade 3 Literature and Performance at SL, minimum grade 4 English B at HL, minimum grade 5
MALAYSIAN SPM 1119 ENGLISH/CEFR	A grade of C6 or higher on the GSCE grading system, or a grade of C1 or higher on the CEFR grading system
NORWEGIAN VITNEMÅL	Minimum grade 4 in the English component
PEARSONS TEST OF ENGLISH (PTE) (ACADEMIC)	An overall score of 64 with a minimum score of 59 in the speaking and writing sections, and no less than 54 in the other sections
TOEFL	Internet-based TOEFL (iBT): an overall score of 82 or above with a minimum score of 22 in writing, 18 in reading, 20 in speaking and 20 in listening
US HIGH SCHOOL DIPLOMA	Year 12 English Paper grade of B or higher
ACT	English section grade of 25
SAT	Evidence-based Reading and Writing section grade of 600

UWA Centre for English Language Teaching

UWA Centre for English Language Teaching (CELT) upholds the University's tradition of providing high-quality English language teaching in a friendly and supportive environment.

Our teachers have degrees and specialist qualifications in English language teaching and their approach to teaching and learning will give you many opportunities to practise English and learn about life in Australia through tasks, activities and projects.

We provide a range of English courses for learners of different levels, and our unique and well-structured modular programs can help you discover strategies to become a life-long learner of English.

Language and Communication Essentials

This course can help you improve your ability to communicate clearly, confidently, accurately and fluently in English. This is the direct English pathway to all programs at UWA College.

English for Academic Purposes

If your language ability is between the upperintermediate to advanced level, our English for Academic Purposes classes can support you to develop your English language ability in preparation for tertiary studies in an English-speaking country. This is the direct pathway to UWA Study Abroad and Exchange programs.

IELTS Examination Preparation

This course can prepare you to sit the International English Language Testing System (IELTS) examination. The course focuses on each section of the IELTS exam, providing you with the skills necessary to improve your score.

Academic English and Study Skills Bridging Course

This is the direct English pathway to UWA degree courses; it has been designed to help you study at UWA if you do not have the University's required level of English proficiency. The course would also be suitable for you if you have unconditional entry into UWA and would like to further develop your language ability, study and research skills, and confidence before commencing tertiary study. A 70 per cent pass in the Bridging Course meets the University's English language requirement for most undergraduate and postgraduate courses, although some postgraduate courses have a higher English language requirement.

For more information, please visit uwa.edu.au/celt

- ¹ Includes WACE, SAM, HSC, VCE, Ausmat etc
- The aggregate is calculated from points, from the best three modules, where one module can be substituted with two half modules, with points assigned to grades i.e. Grade (Full Module) A*= 6, A = 5, B = 4, C = 3, D = 2, E = 1. Grade (Half Module) A* = 3, a = 2.5, B = 2, C = 1.5, D = 1, E = 0.5. English for Academic Purposes (EAP) is not counted.
- The aggregate is calculated from the best eight passed units and divided by two for the final score.
- ⁴ Aggregate is calculated as the aggregate of the best four subjects.
- An aggregate is calculated by selecting the best four marked subjects taken at Class XII-level and assigning them points A1 = 5.0, A2 = 4.5, B1 = 3.5, B2 = 3.0, C1 = 2.0, C2 = 1.5 D1 = 1.0, D2 = 0.5.
- Grade average of best five or six Provincially Examined or University/ College Preparation courses.
- Aggregate is calculated from points of the best four subjects: A1 = 1, A2 = 2, B3 = 3, B4 = 4, B5 = 5, B6 = 6, C7 = 7.
- 8 Aggregate is calculated from best three subjects: A* = 6, A = 5, B = 4, C = 3. D = 2. E = 1
- Aggregate of best four subjects: Category A subjects: 5** = 6, 5* = 5.5, 5 = 5, 4 = 4, 3 = 3. Category C subjects: A* = 6, A = 5, B = 4, C = 3, D = 2, E = 1.
- Average is taken from best four subjects.

- ¹¹ Aggregate of best three subjects: A = 7, A = 6, B + = 5, B = 4, B = 3, C + = 2, C = 1.
- Aggregate calculated from a minimum of two (and no maximum) H2 Level subjects, and maximum of 1 content-based H1 subject. At H2 Level: A = 5, B = 4, C = 3, D = 2, E = 1. At H1 Level: A = 2.5, B = 2, C = 1.5, D = 1. E = 0.5.
- Grade average of best six subjects in final year, excluding Life Orientation.
- The score is the sum of the scores of four Standard Scores in: Korean Language, Mathematics, plus the two best subjects from either Science, or Social Studies.
- Average calculated from points of all subjects. Subject grades assigned points: A=20, B=17.5, C=15, D=12.5, E=10, F=0.
- Applicants must have passed ACT in conjunction with a recognised high school qualification.
- Applicants must have passed a minimum of two Advanced Placement exams with the US College Board in conjunction with a recognised high school qualification.
- Applicants must have passed SAT in conjunction with a recognised high school qualification.

Secondary school leavers

UWA accepts several overseas secondary education qualifications as satisfying the entry requirements for a UWA undergraduate degree..

Entry to undergraduate courses will be offered to you if achieve the required entry score for the undergraduate course of your choice. You are also required to meet the English language requirements of the University and prerequisites for chosen majors.

For more information, see the page on academic entry requirements, or visit www.edu.au/study/how-to-apply/international-and-overseas-qualifications

Foundation and diploma programs

Some students may not be eligible to study an undergraduate course at UWA directly after completing high school in their home countries. These students are encouraged to take a pre-university course such as a foundation program or a diploma.

There's a range of foundation or diploma programs that UWA accepts. For a list of these programs, visit www.edu.au/study/international-students/courses-and-entry-requirements

If you would like to complete a foundation or diploma program at UWA, find out more about the pathway programs available offered by UWA College.

Credit transfer/advanced standing

Higher education study

UWA may grant you academic credit for study undertaken at another tertiary institution or college if the subjects completed are equivalent in content and standard to those taught at UWA, and are relevant to your chosen course.

UWA has pre-approved credit arrangements in place with a number of polytechnics and other educational institutions, in the areas of architecture, business, engineering, computer science and life and physical sciences.

UWA College

Your on-campus pathway to UWA

If you don't quite meet the academic or English language requirements for direct entry to UWA, then a UWA College pathway might be right for you.

UWA College's pathway programs are tailored to provide support and additional academic and English language guidance, helping you succeed in your studies at UWA and setting you up for a career that's full of potential.

Nestled right at the heart of UWA's Perth campus, UWA College's leading education experts, tailored support services and hands-on approach to learning means there are countless reasons why you should start your UWA journey with UWA College.

Visit uwacollege.edu.au

Foundation Program

Your pathway to first year at UWA

Designed specifically for international students, this program will help improve your subject knowledge and English language skills so you can progress to the first year of your bachelor's degree at UWA. The length of your Foundation program will be determined by your English language level and academic results.

Based on your scores and successful completion of the program, you'll be eligible for entry into all UWA bachelor's degrees, including the Assured Pathways.

Diploma Programs

Your pathway to second year at UWA

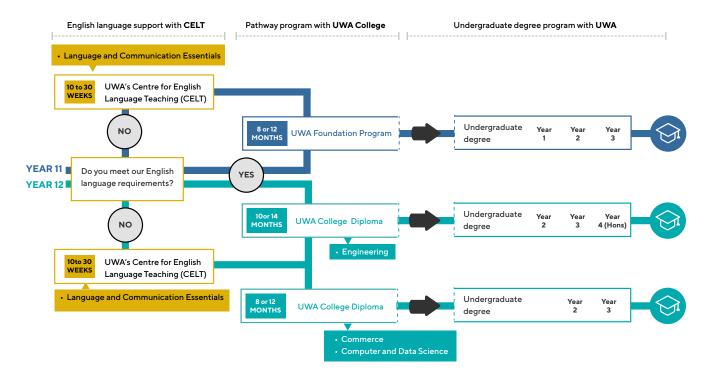

UWA College Diploma programs prepare you for entry into the second year of a range of UWA bachelor's degrees.

You'll receive academic and English support to help you succeed, allowing you to complete a UWA bachelor's degree in the standard number of years.

Depending on what UWA undergraduate degree you wish to pursue, you can choose from:

- Diploma in Commerce
- Diploma in Computer and Data Science
- Diploma in Engineering

The length of your program will be determined by your English language proficiency and academic results.

^{*}Subject to meeting the minimum course entry requirements and any additional selection criteria set by UWA.

How to apply – undergraduate and postgraduate coursework

1. Choose your course

Choose your preferred course from this course guide or at **uwa.edu.au/study** and check that you satisfy your chosen course's admission requirements.

2. Apply online

To start your application, visit **uwa.edu.au/study** and click on the 'Login' button on the top right-hand corner of the page. If it's your first time applying to UWA, create a profile by selecting the 'sign up' tab. Once you've signed up, submit all required documentation in digital format. Alternatively, you can submit your application through a UWA overseas representative in your country. A complete list of representatives can be found at: **uwa.edu.au/study/agents**

3. Track your application

After you've submitted your application you can track its progress via the UWA Apply portal. You can also upload any additional documents we need.

4. We'll send you a letter of offer

We'll send you an email to notify you of the outcome of your application. If your application is successful, you'll receive an offer letter or a conditional offer letter if more steps are required via email.

5. Accept your offer

When you receive your offer letter email, click the 'accept' button to be taken to UWA Accept, where you can accept your offer. Log in with the account you used to apply (UWA Apply portal) and you'll see your offer. You may be required to submit scans or clear photographs of any requested documents, agree to the terms and conditions of studying at UWA and then make your first payment.

6. Pre-enrolment information

When the University confirms all submitted documents are correct, you've met the English language requirements for your course and your first payment has been received, you'll be issued a Confirmation of Enrolment (CoE) package that contains a letter of welcome including links to our pre-departure and on-campus accommodation guides and a Confirmation of Enrolment.

7. Enrol online

You can now enrol in your course at: uwa.edu.au/unistart/enrol

8. Accommodation

Explore a range of options, all located within close proximity to the campus, cafés, shops and the city. **uwa.edu.au/study/student-life/accommodation**

9. Flights and visa

You're required to make your own travel and student visa arrangements. UWA's overseas representatives can help with these arrangements if you need any additional advice or assistance. In some countries, student visas can be obtained electronically. Visit homeaffairs.gov.au

We're here to help

If you're unsure if your results qualify you for entry, or you would like more details on how to apply, contact our Future Students Centre to discuss your options. Call us on +61 8 6488 1000, or visit ask.uwa.edu.au

How to apply – postgraduate research

1. Choose your course or project

You can choose a degree that is research only or combine research with some structured coursework.

uwa.edu.au/study/research/research-options

You may find your skills, experience and interest align with an existing research project defined by an academic research team. You can browse available projects and apply directly for a specific project opportunity. researchdegrees.uwa.edu.au/projects

2. Determine your eligibility

UWA is internationally recognised and ranked in the top 100 universities world-wide. We aim to attract the highest calibre research students to engage in research that is relevant and world-leading.

To be eligible for entry into a Higher Degree by Research (HDR) degree at UWA, you'll need to demonstrate adequate research preparation and English language competency.

3. Identify a supervisor

Supervisors advise, guide and provide constructive feedback throughout your research degree. There should be good alignment between your supervisor's expertise and your research project.

Browse our research repository to find potential supervisors in your field of interest. Before reaching out, prepare your academic transcript and a brief outline of your research proposal to request supervision.

research-repository.uwa.edu.au

4. Apply online

You can apply for most Higher Degrees by Research (HDR) throughout the year, however, there are deadlines for some specific degrees.

Review the individual course page for further details. researchdegrees.uwa.edu.au/courses

In your application you'll need to provide supporting documents, including academic transcripts and a summary of your proposed research outlining:

- 1. background to the topic
- 2. aims of the research
- 3. significance of the research
- 4. the methodology you'll use
- 5. a brief reference list

Once you've confirmed your supervisor and compiled all required information, you can submit an application through our HDR application portal.

researchdegrees.uwa.edu.au

5. Accept your offer

You'll receive the outcome of your application via email. If your application is successful, details on how to accept your offer will be provided in your offer letter.

6. Accommodation

Explore a range of options, all located within close proximity to the campus, cafés, shops and the city. **uwa.edu.au/study/student-life/accommodation**

7. Flights and visa

You're required to make your own travel and student visa arrangements. UWA's overseas representatives can help with these arrangements if you need any additional advice or assistance. In some countries, student visas can be obtained electronically. Visit homeaffairs.gov.au
